6:00 Dinner  
7:00 Presentation**

PSCTM Winter 2012 Dinner  
**Teaching Math at Children's Hospital:  
Rewards, Challenges & Implications**

*Last year, Steve spent his sabbatical as a volunteer mathematics teacher at Seattle Children's Hospital, which has an on-site school, staffed with six fulltime instructors, and a few volunteers. He will share some of the extraordinary rewards and challenges experienced as well as implications for teachers who have students hospitalized for part or most of the school year. Volunteer opportunities at Children's and similar settings will also be shared.*

---

**What is the PSCTM?**

The Puget Sound Council of Teachers of Mathematics was founded to encourage continual professional growth among local mathematics teachers. The organization sponsors three major activities during the year: a fall, a winter, and a spring dinner. Dinner presentations strive to provide ideas and activities for grades K-12. Topics include applications and connections to areas outside Mathematics, assessing students, new topics and ideas to engage students, and more.

---

---

**What are the benefits of the PSCTM?**

- Reduced rate at the NW Math Conference in October of each year
- PSCTM Newsletter
- Opportunities to share ideas and to socialize with other dedicated mathematics teacher.
- Notification of all gatherings and a reduced rate for meals.
- Elden Egbers Northwest Conference Scholarship eligibility
- Opportunities to win door prizes at meetings
